= height valid for closed bag (rolled 5-6 x); add about 20 cm/ 8 in. for open bag;

SPECIFICATIONS:

- + Waterproof, super light weight dry bag made of super lightweight nylon fabric with roll closure and valve
- + For tight packing of clothing and sleeping bag
- + 3 colours in 3 sizes for organized packing
- + For use in non-waterproof luggage
- + Valve for deflation; open before packing
- + Robust, circular base
- + Broad bottom loop for holding and easy deflation
- + Available in three sizes

Note: In order to meet standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the roll closure must be rolled at least 5-6 times.

Attention: If the product is completely submerged, water can penetrate through the closure.
